There are only a few tickets left for the annual meeting of the Kankakee Chamber of Commerce Thursday evening at K. C. hall, and it is anticipated that the balance of the tickets will be entirely sold before the date of the meeting. If you have not yet made your reservation, call Main 657, the Chamber of Commerce office, and ask to have tickets reserved for you. This is necessary, in order that you may be assured of a place at this banquet, as reservations are limited to the seating capacity of the hall.

A program of unusual merit has been arranged for this meeting. The music is to be furnished by the Kankakee High school band, under the direction of Mr. Joe Johnston. There will also be surprise musical numbers.

More than seventy out-of-town business men representing the railroads, manufacturing plants, public utilities, and other cities, have expressed their intention of being present on this occasion. They will be introduced and guests will have an opportunity of meeting some of the officials of these Kankakee institutions.

The two principal speakers of the evening are to be Major Reed Landis of Chicago, famous World War ace, and director of the National Air Races recently held in Chicago. Major Reed Landis is, no doubt, the most prominent figure in aviation in the middle west, at the present time. He will speak upon the basis of his experience in the World War and since that time upon the present development of aviation, including in his talk some of the experiences during the time he was a World War ace. Those who that he is an unusually interesting speaker and has a wide knowledge of his subject. There is no doubt that this talk will be one of the features of the evening.

The other speaker that has been selected to complete the program is Thurman "Dusty" Miller of Wilmore, Ohio. This is "Dusty" Miller's first appearance in Kankakee, but those who have heard him previously state that there is no doubt that after his first meeting here, there will be a great demand for another chance to hear this splendid speaker. He is entertaining and his talk has been one of the features at every meeting at which he has spoken.

This is an unusual opportunity to enjoy a fine banquet and to listen to some of the finest speakers that will appear at any meeting in Kankakee during the present year. Plan now to attend and make your reservations immediately before all of the tickets have been sold.

ANNIVERSARY OF CHICAGO STORE TODAY

LOCAL ESTABLISHMENT IS OBSERVING THIRTY YEARS
OF SERVICE

ITS RAPID GROWTH

From A Very Small Beginning
To Store Of Large Proportions

Just about thirty years ago, down next to the corner of East Avenue and Station street, a small general store was started carrying a small assortment of merchandise such as was in general demand in those days. This store grew gradually larger by virtue of the support given by Kankakeans and the people of the surrounding territory, who recognized the fact that the prices of this store, even then called The Chicago Store, were lower, sensationally lower, than any that obtained anywhere in this vicinity.

It was called The Chicago Store because its policies patterned after those practiced by the fast growing State Street stores. Small profits, large sales volume, satisfactory merchandise—these factors produced spontaneous patronage which grew and enlarged to an extent that soon necessitated increased space until it was found necessary to purchase the corner building also.

January 7th, 1907, the firm sold out to the present corporation at what was then considered a good price. The corporation was far sighted and knew that the business could not grow much further or larger in those quarters and when they found that the vacant property on the corner of Schuyler Avenue and Merchant Street was on the market they obtained an option and purchased it, knowing that the ten year lease at East Avenue would not be renewed except at greatly enhanced figures. This property was held vacant for a number of years and just before America entered the war, in 1916, to be exact, the foundations were laid for the present large quarters occupied as a department store.

This foresight, this confidence in the future, has been the practise of this store all through its existence. Always looking ahead, taking advantage of conditions which offered opportunity to serve the people to their advantage, buying when price inducements were offered, passing them on to the public, judicious, honest and extensive advertising content with legitimate profit and steadfastly refusing to deal in anything but worthy merchandise all were factors in the phenomenal growth of this institution.

This week, The Chicago Store is promoting what they term their 30th Anniversary Sale. They have chosen a matter of about 80 special items as a celebration and they maintain that these specials, which are advertised on one of the pages of tonight's issue of The Daily Republican are the last words in value giving. Mr. Gast, secretary of The Chicago Store, says that this is the only way in which the store can stage a party in which everyone can share and rejoice. He says you can buy these special Anniversary Sale items with your eyes shut and feel that you are getting something unusual.

The Anniversary Sale will start Wednesday and end Saturday of this week.

Religious groups of Kankakee will be interested in the announcement of the large gathering to be held at the First Methodist church all day tomorrow from 9 a. m. to 9 p. m., open to the general public. The ministers of the Methodist churches of the Kankakee district, together with laymen from some 35 surrounding towns will meet in the auditorium of the church.

Outstanding speakers of real worth will give the talks of the afternoon and evening. Rev. David H. Kendall of the Board of Home Missions will talk on evangelism and stewardship. Rev. G. W. SUITS AGAINST STREET RAILWAY ARE CONTINUED

Six attachments suits, filed against the Kankakee Electric Street Railway a week ago by striking motormen for the purpose of collecting alleged past due wages, were scheduled to be heard before Judge Bert L. Fitzgerald this morning, but were continued until tomorrow morning.

The names of the plaintiffs, and the amount which each claims is due him, are as follows: Sunday Jones, \$119.35; Hartley Mann, \$91.55; Harold Body, \$117.95; Tom Mann, \$71; James Wilde, \$7.15; and Charles W. Brinkman, \$97.55.

The striking motormen have not yet returned to work, although one of them has stated that they would be willing to return if payment of wages from now on was assured and if regular payments were made on back wages. Several union men are now operating the cars and there are several non-union men, who have have made application for union cards, also working.

Negotiations are still being made between officials of the union from Chicago and the street railway, for a settlement of the controversy.

Mrs. Leeney Is Acquitted Of Murder

Chicago, Oct. 14.—(AP)—Mrs. Florence Leeney, who shot and killed her husband last New Year's day, was acquitted on a murder charge today.

The jury freed her of blame for his death after deliberating last night and throughout this morning. The vote had stood evenly divided, it was reported, when the jurors retired for the night.

The state, accusing the woman of shooting her husband as he slept, reconstructed in the court room the room in which he was killed and the prosecutor, demanding Mrs. Leeney's death in expiation, reclined on the bloodstained couch to show how he died defenseless.

Mrs. Leeney's counsel, however, placed the defendant and her daughter on the stand and drew from them testimony that the husband and father was shot down as the culmination of a night of abuse, Mrs. Leeney protesting she shot in self-defense.

RECORD GLIDDER FLIGHT BY WOMAN IN ENGLAND

Folkstone, England, Oct. 14.—(AP)—What was said to have been a record glider flight by a woman was made near here yesterday afternoon by Miss Susi Lippens, daughter of the Belgian air minister. She remained in the air thirty minutes.

Tires Are Cheap Now And Are Made To Give Service

Modern motoring, because of good automobiles now, plus good tires and equipment, is so pleasant, luxurious and trouble free. The frequent blow-outs and breakdowns of the days of the "horseless carriage" are seldom seen now. The old song, "Get Out and Get Under" is gone except in memory.

Great progress has been made in manufacturing tires and automobile equipment. Nowadays tires are big and sturdy of the balloon type, designed to provide a maximum of riding comfort and a maximum of mileage and service. Many manufacturers include an insurance policy with their tires, guaranteeing their merchandise against all road hazards, others guarantee a specified number of miles for their products.

Motors who purchased tires a year ago, when prices were high, have a pleasant surprise coming when they come to re-fit their cars. Tires are cheap now—you can buy two for the price you used to pay for one.

Practically every Kankakee garage deals in tires and auto equipment. Some of the larger department stores sell such merchandise. Other establishments are devoted to the sale of tires and auto accessories. Among these dealers who are assured of finding your favorite brand, and at the price you want to pay.

MAGAZINE TRIBUTE FOR J. N. LANGAN

A lengthy obituary and tribute to Alderman John N. Langan of the First ward, who died last Aug. 26, is contained in the October issue of the New York Central Lines magazine. The respect in which Mr. Langan was held by his fellow railroad men is reflected in the article.

The magazine also states that B. H. Wilkinson, car inspector here, has furnished two valuable traffic "tips" to increase the local business of the New York Central during the past month. Records of other employees were destroyed in the fire which gutted the New York Central offices in the Erzinger building.

COMMUNITY HALLOWEEN CELEBRATION

BIRD PARK TO BE FORMALLY
DEDICATED HALLOWEEN,
OCTOBER 31ST

PROGRAM IS PLANNED

Flag Raising Ceremony To Be
Held In Afternoon, Music
And Speaking At Night

Worth W. Bird Park, a picturesque place of natural beauty known statewide, through recent publicity and recognition given by large Chicago newspapers, will be officially dedicated Thursday afternoon and evening, October 31st, with a great community Halloween celebration. Plans for this event were discussed last evening when a general committee, representing Kankakee's civic and patriotic organizations and headed by W. C. Babst as general chairman, met in the offices of the Kankakee Chamber of Commerce. Tentative plans were outlined at this time.

It was emphasized that the dedication and celebration is to be purely a community event, in which all of the people who live in and about the Kankakee park district are expected to take part in and enjoy. If the attendance and interest of the public justifies it, the celebration may become an annual event.

In the afternoon, starting about 4 o'clock, there will be a formal ceremony at the park, at which time a new flagpole and flag, given by two Kankakee patriotic organizations, will be officially accepted, and a flag raising will be held.

In the evening, it is planned, there will be a gigantic parade, in which the Halloween theme will have a prominent part. Four cash prizes will be given for the best Halloween costumes. School children are expected to take part in the parade and costume contest. A part of the parade will be set aside for commercial floats and this type of activities will be encouraged.

At the park in the evening, music will be furnished by three local musical organizations: the Kankakee Municipal Band, the Kankakee High School Band, and the American Legion Drum and Bugle Corps. It is planned to have a band play on the large floating island in the center of the park lake, this island to be beautifully lighted with flood and spot lights.

Around the park pavilion, where a speaking and musical program will take place, there will be Halloween decorations, consisting of lanterns, corn shocks, and pumpkins, arranged in Halloween style.

A reception committee, composed of prominent Kankakee people who have been interested in the development of the park, is being selected. These are expected to invite friends, to receive them at the park, and to assist in the entertainment of visiting guests.

Those present at the committee meeting last evening were: G. W. Boyd, Mr. Hamilton, E. B. Gower, W. C. Babst, W. A. Spelcher, Mrs. Minnie Butler, Mrs. Ida Bird, and the press.

BROTHERS ARRESTED FOR CHICKEN THEFT

Fred McClain, 26, Manteno, and his brother, Ollie, of Manhattan, were arrested this morning by Chief of Police George A. Kegher at Mokena while in the act of selling 22 chickens which they had stolen last night from the farm of William Reaman near Grant Park.

The youths, when taken to the county jail, confessed the theft and admitted that they had made two previous visits to Reaman's farm, getting \$14 for the sale of one batch of chickens and \$17 the other time. They had just received \$22.75 for the chickens today when they were arrested by Kegher.

The youths are also believed to be implicated in theft of tires at Manteno. They will be given a hearing tomorrow by State's Attorney T. R. Johnston.

JAKE FLEAGLE IS CAPTURED IN MISSOURI

LONG SOUGHT CRIMINAL IS
PERHAPS FATALLY WOUNDED
BY POLICE

IN BRANSON, MISSOURI

Connected With Lamar, Colorado Bank Robbery And
Several Murders

Branson, Mo., Oct. 14.—(AP)—A man identified as "Jake" Fleagle, long sought by police, was captured in Branson, Mo., today, after a long chase. He was shot and wounded in a bloody holdup in which four were killed, was shot and wounded probably fatally by Kansas City detectives and federal government officers here today.

The man was shot as he attempted to board a Missouri-Pacific train at the station here. He had purchased a ticket for Hollister, another southern Missouri Ozarks resort town a short distance from here. The Kansas City officers had been sent here on information stating Fleagle was hiding in the hill country.

Lamar, Colo., Oct. 14.—(AP)—William Harrison (Jake) Fleagle, reported shot and captured at Branson, Mo., today, was one of the most sought after criminals in the United States.

He was hunted by police throughout the country and the search for him extended into Mexico but he managed to elude capture for more than two years following the holdup of the First National Bank here May 23, 1928, which resulted in the killing of four men.

Three of Fleagle's companions in the robbery of the bank are dead, having been executed in this state. The trio—Ralph E. Fleagle, brother of Jake; Howard L. Royston, and George J. Absher—were convicted of slaying a Mr. Parrish, president of the bank and one of the two men shot down as they attempted to thwart the holdup.

All three were hanged in July at the state penitentiary in Canon City. Jake Fleagle was implicated in the robbery of the bank and the subsequent murders, two of which took place in Kansas while posing as a member of the "Bad Lands" for a trace of the bandits, by his brother in a confession made at Colorado Springs a year ago last July. The confession led to the arrest of Royston and Absher, the former in California and the latter at Grand Junction, Colorado.

Provers county juries found the three guilty of murder in the first degree and sentenced them to hang a year ago this month, and the state supreme court upheld the convictions.

The murders with which the bandit quartet was charged were those of the bank president, his son, J. E. Parrish, Dr. W. W. Wineinger of Dighton, Kansas, and E. A. Keister, bank teller, who was kidnapped to discourage pursuit.

Mrs. Ben Samuel spent Monday and today in Chicago transacting business.

TO PROSECUTE CONVICT FOR BANK ROBBERY

JOHNSTON SEEKS HIS RELEASE
FROM PENITENTIARY
FOR TRIAL HERE

GRANT PARK BANK

Accused Was Indicted For Theft
Of \$3,333; Lawson Brothers' Trail Starts

William S. Ragan, who posed as a Chicago factory head by day and at night spent his time in robbing small town banks, will be brought to Kankakee this week to stand trial for the robbery of the Farmers' bank of Grant Park on May 21, 1929.

Ragan is now serving a term of from one year to life for the robbery of the bank at Fisher, Ill., about a year ago. After his capture on the Fisher charge, Ragan was identified as the lone bandit who obtained \$3,333 from the Grant Park institution in a daylight holdup. The identification was made by Perry Hubbell, president of the bank, and A. W. Ruge, cashier, who were forced to hand over the money at the point of a revolver.

Asks Release

State's Attorney T. R. Johnston presented a petition for release of Ragan from the Chester penitentiary today before Circuit Judge A. W. DeSelm. The state attorney general has indicated that Ragan will be released if the local court grants the petition. The Illinois Bankers' association is behind the move to convict Ragan of the Grant Park robbery in order to prevent his early release on the charge at Fisher.

Ragan was shot through the leg in the Fisher robbery. He made his escape in a car, however, driving to Danville and then to his home in Chicago where he was captured and was taken to the Illinois Central hospital. After several days in the hospital he was recognized by the police as the Fisher bandit when a school teacher, who had trailed Ragan from Fisher, notified the officers of his presence in Chicago.

Jekyl-Hyde

Ragan was a real Dr. Jekyl and Mr. Hyde. His salary as head of a Chicago factory was about \$800 a month. He had a wife and several small children and was considered a highly respected individual until the Fisher episode which culminated in his arrest and conviction.

The trial of Otto and Ralph Lawson, brothers residing near Wichita, started before a jury today. The Lawsons are accused of stealing a large number of chickens from Edgar Bon Vallet and other farmers throughout the eastern part of the county. The first four jurors accepted by the state at noon were: Will Hahn, Mokena; Peter McMullen, Kankakee; George Heusing, Grant Park; John Shreffler, Rockville. Ralph Lawson is not being held in the county jail pending the outcome of the trial, his mother having posted \$1,500 bond to guarantee his appearance every day in court.

The next criminal jury trial on the calendar is that of Elmer Lawrence, Manteno, who is accused of setting fire to an automobile with intent to defraud the insurance company with which the car was insured. Lawrence's attorneys today made a motion to quash the indictment against Lawrence and Judge DeSelm ordered the motion put in writing and set the hearing on the motion for 5 o'clock this evening.

LEAVES CLEANED FROM STREETS BY ORIGINAL DEVICE

An unusual contrivance, designed by Street Commissioner Charles Deuschle for the purpose of clearing the streets of fallen leaves, is proving to be quite convenient.

The device is built of good, shaped similar to a snow plow, and works in much the same manner. Attached to the front end of a truck it sweeps the leaves down the street and piles them in one huge pile at the corner. The leaves are then wetted down with a hose, then loaded on a truck and hauled away.

Miss Fannie Cruise returned from Chicago yesterday where she had been visiting at the home of Mr. and Mrs. C. A. Livingston.

Stays on Longer

A wonderful discovery is the new French process which gives MELLO-GLO Face Powder its unparalleled smoothness and makes it stay on longer. The purest powder made—its color is tested. Never gives a pasty or flaky look! Will not smart the skin or enlarge the pores. Gives a youthful bloom. Remember the name—MELLO-GLO. The Chicago Store.—Adv.

Coming Tomorrow OMAR DILES

Famous Racing Pilot

To Show You The Thrill and Thrift of free wheeling

Come to our showroom tomorrow and meet Omar Diles, well known racing driver, who is here to demonstrate the miracle of modern motoring—free wheeling.

Free wheeling, as embodied in the new series President and Commander Eights is hailed even by sophisticated engineers as one of the outstanding automotive engineering accomplishments in a generation. This new and revolutionary engineering principle enables you to shift from high to second at will at 40 to 50 miles per hour without even touching the clutch.

It offers you a car, which floats silently as a phantom even though fully in gear and under full control. It saves 12 per cent gasoline, 20 per cent in oil, prolongs life of tires and relieves the entire driving mechanism of the intense reversional strains which so shorten the life of the ordinary car.

Now, Omar Diles is here to demonstrate free wheeling. Come tomorrow. You'll enjoy meeting Mr. Diles and his free wheeling President Eight Roadster. And, we can promise you the thrill of your life.
